SITUATION SUMMARY

Cal OES Activation Status

| State Operations Center | Inland Region EOC | Coastal Region EOC | Southern Region EOC |
|-------------------------|-------------------|--------------------|---------------------|
| Normal Operations | Normal Operations | Normal Operations | Normal Operations |

Cal OES INLAND REGION

Proclamations

- On 02/22/19 at 1546 hours, a Proclamation of Local Emergency was received from Amador County due to impacts from the 2019 February Winter Storms. The county is requesting a Gubernatorial Proclamation, CDAA, State and Federal assistance, and a Presidential Declaration.

Cal OES COASTAL REGION

Proclamations

- On 02/22/19 at 1215 hours, a Resolution was received by the Town of Tiburon in Marin County due to impacts from the 2019 February Winter Storms. The town is not requesting State assistance.

Cal OES SOUTHERN REGION

Activations

- San Bernardino County Emergency Operations Center (EOC) (Deactivated)
- The Town of Yucca Valley EOC (Deactivated)

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

| National | Northern California | Southern California |
|----------------------|---|---|
| Preparedness Level 1 | Preparedness Level 1 | Preparedness Level 2 |
| | Multi-Agency Coordination System MACS Mode: 2 | Multi-Agency Coordination System MACS Mode: 2 |

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

Cal OES EMAC Missions

- **2018-SOC-56344:** California requested Public Assistance Coordinators to assume the role of Program Delivery Managers (PDMG) and assist Cal OES with utilizing FEMA's program delivery system.
 - 2 Public Assistance Coordinators from Louisiana are on-scene providing support in Northern California.
 - 2 Public Assistance Coordinators from Louisiana are on-scene providing support in Southern California.

MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

| Major Road Closures | | |
|----------------------------|----------------------------|----------------------------|
| Northern California | Central California | Southern California |
| No Lifeline Route Closures | No Lifeline Route Closures | No Lifeline Route Closures |

Lifeline Routes:

- San Diego and Imperial Counties:
 - Westbound I-8 was closed from Imperial Hwy. to SR 79 due to snow. [The route reopened with California Highway Patrol escorts as of 02/22/19, 0952 hours.](#)

Non-Lifeline Routes:

- Click [here](#) for a list of current road closures.

Wildfire Closures:

- There are no wildfire closures.

Emergency Center Activations:

- There are no emergency center activations.

CALIFORNIA 911 SYSTEM

| CA 911 Outages | | |
|---------------------|--------------------|---------------------|
| Northern California | Central California | Southern California |
| No 911 Outages | No 911 Outages | No 911 Outages |

911 Outages/Remote/Community Isolations:

Community Isolation, Lake Almanor Manor Peninsula, Plumas County (INITIAL/FINAL)

On 02/22/19 at 1029 hours, the Cal OES 9-1-1 Branch reported that customers served out of Lake Almanor Manor Peninsula in Plumas County were unable to make 9-1-1 calls due to a switch outage.

- Approximately 938 access lines were affected.
- Technicians replaced the project card in the fiber terminal.
- Service was restored as of 02/22/19, 1130 hours.

Service Interruptions:

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Rain and snow moving into northern CA late today through Thursday.
 - The forecast remains on track as clouds continue to stream into the region. This cloud cover will primarily cover northern portions of the County Warning Area (CWA) which should inhibit frost from forming.
- From Sunday night into the middle of next week, precipitation will become steadier and heavier over northern California.
- Winds will also be increasing Monday and Tuesday.
- Snow levels will be down to 2,500-3,000 feet initially.
- The heaviest rain will fall Monday and Tuesday. At this time, we are not anticipating any debris flow issues.

SOUTHERN CALIFORNIA

- After a chilly start this morning, it will be fair and warmer through next week.
- Weather systems passing to the north will bring high clouds at times, but expect at least filtered sun each day, with temperatures back to about normal levels by the middle of next week.

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

02/23/19 - 03/01/19

Saturday-Thursday

- Rain and snow moving into northern CA late today through Thursday.
- Snow levels down to 2500-3000 feet initially, then increasing to 4500 feet and higher
- The heaviest rain will fall Monday and Tuesday. Rivers and streams will run high but no significant impacts are expected.
- Rainfall rates are not expected to exceed debris flow thresholds at this time.

Friday-Saturday

- Drier and warmer. No impacts expected.

CALIFORNIA WEATHER IMPACTS

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-58018, 02/22/19, 1650 hours:** The City & County of San Francisco requested immediate response assistance of a Human Remains Detection (HRD) canine team in an effort to locate a person believed buried in a landslide at the Fort Funston area of San Francisco. San Mateo Sheriff's Office dispatched one canine team for the search. **Mission Ongoing**
- **2019-LAW-57984, 02/22/19, 1347 hours:** Marin County Sheriff's Office (MCSO) requested two area search and one trailing canine teams to assist in the search for a despondent person. Law Enforcement Branch coordinated the canine response to support the search on 2/23/19 in the Stinson Beach area of Marin County. **Mission Ongoing**
- **2019-LAW-57972, 02/22/19, 1025 hours:** AFRCC reported an Emergency Position Indicating Radio Beacon (EPIRB), indicating a vessel in distress at 32.934440, -117.102220, which plotted to a residential area of San Diego County. AFRCC initiated Civil Air Patrol (CAP) mission #19M0103. At 1545 hours, AFRCC updated that CAP and local law enforcement were still attempting to locate the source. **Mission Ongoing**
- **2018-LAW-57946, 02/21/19, 2209 hours:** The Air Force Rescue Coordination Center (AFRCC) reported an overdue aircraft alert notification (ALNOT). A Beechcraft 55 with 3 persons on-board departed San Luis Obispo en route to Whiteman Airport in Los Angeles. The aircraft was reported overdue at 1600 hours by family members. AFRCC generated a Civil Air Patrol (CAP) mission 19M0101A. Kern County Sheriff's Office (KCSO) was notified and generated a Search & Rescue (SAR) mission. A radar forensic indicated the last known position at 35° 6.411'N, 119° 1.593'W before it lost contact, which plots to an area in Kern County south of the Grapevine. The flight pattern prior to losing contact suggested the aircraft altered course to avoid a storm cell. KCSO SAR and CHP H-40 searched the area of the last known radar contact and did not locate the aircraft or debris. A cellular phone forensic tracked two known phones onboard approximately 20 miles further east, where one stopped generating data at 1718 hours and the other continued to generate stationary data at 35° 2.829'N, 118° 35.591'W. This plots to a mountainous area of Kern County, southeast of Stallion Springs. Poor weather prevented CHP and KCSO aircraft from accessing the area to search from the air. At 0630 hours, CAP generated a daytime search mission. **Kern Sheriff SAR was on standby pending results of the aerial search. At 1020 hours one CAP fixed wing aircraft and one US Forestry helicopter were on station and commenced the search. At 1158 hours the Forestry helicopter located the crash site. The helicopter crew landed and confirmed one fatality in the aircraft, but deep snow hampered recovery efforts. At 1549 hours, limited SAR personnel reached the crash site by snowcat and confirmed the aircraft tail number as the missing aircraft. SAR planned to bulldoze access to the site overnight and prepare SAR resources to access the site on the next day to recover victims. Mission Ongoing**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)
- **2019-SOUTHERN-57690:** Request for 4 CDCR hand crew and 4 CAL FIRE Captains to assist with flood fight operations in Riverside County.
- **2019-CREOC-57662:** Request for 1 CAL FIRE Crew plus supervisor from Delta Camp to assist with flood fighting in Solano County. Requested 02/13/19.
- **2019-SOUTHERN-57471:** Daily Operations - Mono County is requesting 1 California Conservation Corp (CCC) crew (Tahoe Center) to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SOUTHERN-57469:** Daily Operations - Mono County is requesting 2 CDCR hand crews from Owens Valley Conservation Camp #26 with 2 CAL FIRE Captains to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SOUTHERN-57447:** Daily Operations - Mono County is requesting 2 CDCR hand crews from Owens Valley Conservation Camp #26 with 2 CAL FIRE Captains to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SOC-57397:** Cal OES is requesting Caltrans assistance in developing a detailed traffic management plan for the debris operations in Butte County. (On scene)
- **2018-SOUTHERN-56869:** Daily Operations - Communication Support for the Baker to Vegas Challenge Cup Relay XXXIV
- **2018-IREOC-49869:** 2018 July Statewide Wildfires - Debris Management Task Force for Shasta County. (On Scene)
- **2018-CREOC-48046:** 2018-06-23-Lake-Wildland Fire - DTSC to clear debris from Pawnee Fire. (Coordinating)
- **2018-IREOC-45244:** Daily Operations - Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene - Long-term assignment)
- **2017-INLAND-42559:** Daily Operations - Weather station installed to gather real time rainfall data by Air Resources Control Board (ARB). Mission extended through 05/30/19. (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
